HAVE A GREAT TIME!!!!

Comments

Lucy: Lucy joined the School on 30th June, 2017. She attended her classes in Grade Six South for two weeks. Although she was very quiet in the Graderoom, she cooperated very well with all her peers and the teachers. She took part enthusiastically in doing Logic and Problem Solving and English classes. Most of the time she engaged herself in reading and doing her own course book assignments. She loved playing Table Tennis and Badminton. Overall, it was my pleasure to have had her in my Graderoom and I wish her all the best for her bright future.
