Subject: Announcement of the Winter Excellence Program for Grade X

Dear Parents,

Greetings from Malpi International School.

We are pleased to announce, in continuation of our successful tradition, the **Winter Excellence Program** for our **Grade X** students appearing for the **SEE examinations** in 2026. This intensive program is meticulously designed to provide a structured and supportive environment, empowering students to reinforce their academic foundations and approach their crucial examinations with confidence.

The program will run from **December 24, 2025, to January 20, 2026**, at our **City Office, Heritage Plaza II, Kamaladi**. To ensure personalized attention and targeted learning, students will be placed in **three small, need-based groups**.

Key Features of the Winter Excellence Program 2025-2026:

- **Comprehensive Subject Coverage:** All SEE subjects will be covered **except English**.
- **Expert Faculty:** We are privileged to have subject experts from reputed institutions, including NEB and CDC, who were highly appreciated by students last year.
- **Focused Teaching Methodology:**
 - Daily testing with constructive feedback for continuous improvement.
 - Intensive practice on SEE-style answer writing and revision of difficult concepts.
 - Provision of ample handouts and worksheets specifically designed for Send-up and SEE preparation.
 - Need-based teaching strategies to cater to individual learning paces.
- **Structured & Extended Sessions:**
 - **Core Schedule:** 10:30 AM to 2:00 PM (including a 30-minute lunch break at the center).
 - **Expert-Led Classes:** All groups will have special sessions from 2:00 PM to 3:00 PM as required. Parents and students will be notified at least one day in advance.
 - **Special Economics Classes:** Two groups will have additional preparatory classes for Economics from 2:00 PM to 3:00 PM on specified days.
- **Proactive Parental Communication:** A dedicated Viber group for parents and teachers will be created to facilitate daily updates on attendance, punctuality, and overall student progress.
- **Individual Tutorial Support:** We strongly recommend that students supplement this program with individual tutorial sessions at home (morning or evening) for subjects they find particularly challenging.

We are confident that with a positive attitude and active participation, this program will significantly enhance your child's preparedness and performance in the upcoming Send-up and SEE examinations.

Program Details:

- **Dates:** December 24, 2025 – January 20, 2026
- **Venue:** Malpi City Office, Heritage Plaza II, Kamaladi
- **Timing:** 10:30 AM – 2:00 PM (with extended hours for expert and Economics classes as detailed above)
- **Program Fee:** NPR 22,000/- (Twenty-Two Thousand Only) for the complete program.

We kindly request your full cooperation in ensuring your child's active and punctual participation. To help us finalize the groups and resources, please confirm your child's participation by filling out and submitting the attached confirmation slip to the school administration by **November 24, 2025**.

We thank you for your continued trust and partnership in your child's educational journey.

Warm regards,

Tejendra Prakash Rajbhandari
Principal
